The opportunity to increase cover under the GIO will be after your contract's first anniversary.

Your premium will increase in line with your additional benefits and will be costed at your age when the change is actioned. You do not have to exercise the option. If you choose to exercise the option, it will be subject to the following conditions:

- You must apply for an increase within three months of the occurrence of one of the above events and you will be required to provide evidence of the event as appropriate.
- This option does not apply after your 55th birthday.
- All existing contract terms such as deferred periods, termination age, indexation will apply to any GIO.
- If special terms or loaded premiums were applied to your policy when it first commenced, or to any subsequent amendments, these will also be applied to any increases applied for under the GIO, unless they have been removed in the meantime.
- You cannot apply for a GIO if you are incapacitated, are claiming benefit or your premiums are in arrears. In addition, you must not have claimed for more than 6 weeks in the past 3 years prior to any application for a GIO.
- If you are unemployed or a Houseperson you cannot apply.
- If you are on a Career Break you cannot apply.
- The maximum GIO increase will be limited to 10% of current benefit per event.
- The maximum increase will also be limited to 20% of the current benefit in any 3 year period.
- The maximum amount of all increases, both GIO and annual indexation will be £40,950, or equal to the published maximum annual cover at that time. In all cases it will always be subject to remaining within the standard maximum benefit of 60% of your income.
